

The tradition continues

Estimated business partners

Since 2013, Walter and Susanne Schütz have had a very interesting, sometimes hectic, but very rewarding business relationship with you.

Walter and Susanne Schütz now want to go into their well-deserved retirement. We are pleased to inform you that the succession is regulated. From August 12, 2019 on Andreas Völkel took over the fortunes of the company as the new managing director. Walter and Susanne Schütz are currently accompanying the handover.

The new owner Netros SA invests long-term and sustainably in suitable companies and therefore secures the long-term existence of the company ws technical technology gmbh.

Andreas Völkel has a lot of professional know-how and together with the employees he is looking forward to being a good and reliable business partner.

We wish Walter and Susanne Schütz all the best during and after the transitional phase and thank them for the good cooperation.

Yours faithfully

ws technica technology gmbh
